

# SERVICES

## STANDARD CAD DRAWINGS

Simple, clear and a budget friendly drawing option for smaller driveways and patio's. Fully branded up with your company details and finished with product photo's to help you sell the job to your client.

From £50

## WHO WE ARE

Our aim is to help landscape businesses fulfil their clients needs, by providing professional drawings to suit a range of project types - Driveways, Patios or full Garden Makeovers & Designs.

We have a drawing type to fulfil your needs.

All our drawings are tailored to your business by using your company branding and images of your work.

We provide our service to you for a competitive fee which allows you to use the drawings however you like. Choose whichever materials your client wants without being tied in to a specific manufacturers products.

We know that it's important for you to be able to go back to your client with a drawing as quickly as possible, that's why we offer a fast turn around time and even a 24h priority service if needed.

## PREMIUM CAD DRAWINGS

Detailed, colourful and perfect for jobs that are more complicated or require a bit more design work. Drawn on A3 paper to help show the more complex projects in more detail.

From £100

## 3D VISUALISATION

Some clients just can't see what you're trying to achieve. Our 3D Visualisation service provides the perfect way of showing your client what their finished project will look like. From small firepit bbq areas to full garden visualisation, we can supply a range of 3D styles to suit your needs.

## STANDARD DRAWINGS

Standard drawings are perfect for your regular jobs when you need a straightforward plan. Simple driveways & patio's are the best way to use this drawing.

Simple, clear and budget friendly, these drawings help sell even the smallest of driveway or patio renovations.

Costing as little as £50, these drawings come fully branded up with your company logo's and website graphics, helping to tie in with your company image.

# Standard CAD Drawing

01

### Clear & simple drawing

Drawing shows the layout of the job and which bits go where. Colour helps to distinguish between hard and soft materials.

02

### Text to explain the job

Here we can provide a little more information about the materials used and what aspects you are going to build.

03

### Product photo's

A picture speak's a thousand words! That's why we use photo's to help show your clients what the paving and other features could look like.

04

### Company branding

When you're selling a job to a client having a fully branded drawing gives the impression that you've done the drawing yourself and can offer a complete package compared to your competition.

## PREMIUM DRAWINGS

Premium drawings are perfect for more complex or design jobs.

If your selling a more expensive quote, it's important to show your client a professional, technical drawing which they can have confidence in

Detailed, colourful and technically accurate, these drawings can form part of your client contract to give them peace of mind when parting with larger contract values.

Pricing starts from £100 and these drawings come fully branded up with your company logo and A3 paper copies are included once you're happy with finished the drawing

# Premium CAD Drawing

## 01

### Colourful & detailed drawing

Drawing shows the design and features that make up the project. Colour and planting help show how the design links together.

## 02

### Design notes explain the job

Detailed explanation of the design layout helps clients understand your ideas and itemises all aspects included the job.

## 03

### Showcase photography

Images of similar jobs & materials help your client visualise what their project will look like. These are a great tool when explaining your ideas and selling them your skills.

## 04

### Company branding

When you're selling a job to a client having a fully branded drawing gives the impression that you've done the drawing yourself and you can offer an in house design service compared to your competition.

# Choose Your 3D Style

## 3D DRAWING OPTIONS

3D visuals help on a range of projects no matter how big or small the job might be. Sometimes a client just needs that little extra help trying to understand what they're spending their money on

We can produce 3D visuals for the whole project or smaller aspects of a job such as a bbq/firepit or a pergola.

Whatever you need, we are here to help you sell that job to the client and ensure your client have trust in you!

01

### Realistic "Real Life" Visual

We use this style to show how all the features and materials will look once put together. These are time consuming and our most expensive 3D option. They are best used once the client has seen a Standard or Premium drawing and have already signed a contract

02

### Coloured "Marker Pen"

This style is great to simply give a general impression of the design, and you don't need materials to be realistic. They show how the features & colours link together in a clear and accurate way.

03

### Black & White Sketch

A simple and clear sketch type visual that is perfect for patio & driveway jobs or where clients are undecided about which materials to use. A great value 3D option

## OTHER SERVICES

We offer a range of extra services designed to compliment our cad drawing & visual services.

These are available to you as a loyal customer and are there to help you when you need them most.

We always strive to serve our customers whatever their requirements and we can customise any of our services to suit your needs

### 01 24h Priority Turnaround

Sometimes you need that extra little help and this service is great when you need something doing quickly.

This service is only available for Standard Drawings and needs to be agreed prior to work commencing.

### 02 Survey Baseplans

Tired of drawing up surveys on site ?

We can provide you with a survey BEFORE you arrive on site which shows you the layout of the site and acts as a basis for your measured survey

Survey Baseplans cost £21.99 and are posted out or emailed out digitally

### 03 Planning Permission

We have a growing knowledge when it comes to gaining planning permission for a range of landscape related schemes.. We can produce all the documentation required when submitting scheme's for approval.

Planning approval cannot be guaranteed so payment is due once the application is ready to be submitted.

### 04 The Online Garden Designer

As a trained landscape architect with years of garden design experience & flower show awards, we are in a great position to carry out full garden designs on your behalf.

This service takes the stress out of dealing with clients and can free up your time to concentrate on the things you need to focus on.

We offer this service nationwide, remotely from our office, and liaise with clients via telephone & email.

# HOW IT WORKS

## 01 Site Information

We need as much information as possible to help with our drawings.

Send us a copy of your initial site survey.  
- This can be a survey sketch or site photo's

Alternatively, send us the full site address including postcode & we can find the property using our digital mapping service.

## 02 Initial Drawing

We will draw up your ideas into a 1st draft ready for you to check over or make changes.

Once you get the 1st drawing simply send us your feedback with any changes or required alterations.

We will then update the drawing ready for you to take to the client with your quote.

## 03 Completion & Invoice

Once the drawing is finished and you are happy with it, we will send you a digital invoice via email.

We allow 7 days for payments which can be done by bank transfer or credit card using our secure online payment service.

Further changes to the drawing can be done following client meetings.

Minor changes are free, but any substantial drawing alterations will incur an amendment fee of £10 per hour.

Amendment fee's are charged at our discretion
